

I'm Ryan.

I'm talkative.

Welcome to my résumé :)

Experience my...

Content strategy.

- I build web content brands like [feels.ink](#) and [virtualmusic.tv](#)
- I've done content strategy work for freelance and agency clients.
- I've streamlined design system content for developer experience.

UX writing.

During my [UX Engineer](#) work in San Francisco I was involved with UX writing for design system components like forms...buttons...navigation...alerts.

Editing.

- I became blog editor after scoring highly in an agency for editing and proofreading.
- Web content I've edited includes UI text, [blogs](#), [captions](#), [theses](#), [documentation](#).
- HTML and markdown are easy for me :)

Posters.

I create artistic statements via web posters like [v11y](#). [E= tape cuerpo](#)

Naming.

I study naming from babies to brands and beyond. I take pride in meaningful universal names. Visit my naming project [366stars](#) about artist names. Browse my [poster names](#) or [code names](#). Dive into my color names in [bae](#) and [sea](#) =)

Tweets.

Twitter is my favorite social media! I'm [@ryanve](#)
